

# THINK EDUCATION

To all students of either the Diploma of Nursing HLT 54115 or Diploma of Nursing (Enrolled-Division 2 Nursing) HLT 51612

Dear Student

We, at Think Education, are getting in touch as we have some good news to share. We've been working with the administrators of Careers Australia and are delighted to announce that we will take on and continue the existing nursing program. This will enable you (current Careers Australia Nursing students) to continue your nursing studies with Think Education.

Our aim is to provide you with continuity of study – you'll be able to pick up where you left off and complete your studies with exactly the same curriculum, with many of the same staff, and at the same campus. We're also working to provide you with continuity of your industry placements to ensure as little disruption as possible.

## What students can expect next from us...

We'd like to invite students from Adelaide, Melbourne, Sydney and Brisbane back to your campus to one of the following sessions:

Wednesday 14<sup>th</sup> June 2017 at:

10am, 12pm or 3pm

or

Thursday 15<sup>th</sup> June 2017 at:

10am, 12pm or 3pm

There you will receive and accept your Letter of Offer to transition to Think Education. If you are a domestic student, please bring your Proof of Identity and Tax File Number with you to campus. If you're an international student, please bring your passport as your Proof of Identity.

We're confident that we can provide you with an easy transition and support your needs, including VET Student Loans support. If you have opted in to VET FEE-HELP you can have your grandfathering transferred across to Think.

We'll provide you with more information about this in person on Wednesday 14<sup>th</sup> or Thursday 15<sup>th</sup> June.

# THINK EDUCATION

Here's a little information about us, so that you know you are in good hands...

## ABOUT THINK EDUCATION AND TORRENS UNIVERSITY AUSTRALIA'S HEALTH FOCUS

Think Education, and our sister provider, Torrens University Australia, are part of the global Laureate International Universities network, the world's largest higher education provider. Throughout our global network of 70 universities and institutions across 27 countries, we have a specific focus on healthcare with 21 medical schools, 19 dental schools and a range of nursing programs delivered at universities across the US, Europe and Latin America.

The Australian Government has recently reaffirmed and extended Think Education's approval as a Vet Student Loans provider for another 4.5 years. Together, Think Education and Torrens University Australia have a long term commitment to education in healthcare, with a focus on nursing and positive ageing.

The Torrens Vice Chancellor and Think Academic Director is Professor Justin Beilby. Prior to assuming his current positions, Prof. Beilby was Executive Dean of Health Sciences at the University of Adelaide for a decade. The General Manager of Torrens and Think Health, Kath Curry, is a former nurse with an academic career in Indigenous health. Our Dean of Health, Del Leslie, previously managed a School of Health and Community Services. So you'll be in good hands.

Think Education health colleges (Southern School of Natural Therapies, Australasian College of Natural Therapies, Jansen Newman Institute and the Australian National College of Beauty) have been leading education in health and wellness for over 142 years of combined history. The Southern School of Natural Therapies is the longest established school of its kind in Australia and it was the first college in New South Wales to gain accreditation for natural therapies. Our suite of offerings include complementary and alternative medicine, including massage, counselling, community service, beauty, nutrition and public health, and sports development.
